Artful Collage: Painting with Paper with Sherri Beeler

Materials List

- Image of bird/animal/pet to collage (about 8 x 11"--fit to your picture frame) Images with contrasting colors will work best as opposed to an animal that is all one color. I will also provide a large selection of wildlife calendar images for you to choose from, if you don't have an image of your own)
- Scissors and pencil
- Extra strength glue stick
- 12x12" scrapbook paper (bring a few choices) in neutral colors with subtle, non-distracting patterns. This will be the background you will collage your image on to. (I will also provide a book of old map pages that you can use as background paper, if you choose).
- Picture frame, to help size your collage. (The cheap certificate frames at the Dollar Store work fine, or you may want to look for one that is larger, depending on the size of your image).
- Old magazines with colorful ads to tear up for collage, and/or patterned paper scraps of all kinds/colors (I will have some on hand for your use, as well).
- Optional--rag/cloth that you can dampen to wipe your fingers on as you work. It can get a bit sticky using the glue sticks repeatedly.
